

The program is specifically designed for 3rd Grade for 2017-18

Mr. Tom Panger, retired principal of Bivins Elementary school in Amarillo, Texas is the first-ever resident artist for WOWW. During his successful career in public education he taught art at the middle school level before becoming an administrator. As a WOWW resident artist, Mr. Panger will provide a program for 3rd graders as an opportunity of seeing an authentic artist in action and fill the gap that elementary arts curriculum is desperately lacking. Mr. Panger will create a picture with 3rd grade curriculum ties while also teaching the children about art, art mediums, design, and history. This program is tied to the Language Arts, Arts, and Social Studies curriculum. The program is listed in the Educators' Resource Guide located on our website on the 'Educators' page: <http://windowonawiderworld.org/Documents/ERG%20for%202013-14.pdf>. This program will be the springboard for a WOWW Youth Art Show for all 4th and 5th graders of Region 16. Your WOWW Rep will keep you informed of the opportunity.
